## Customer/Visitor Induction and Information sheet

At McMud we are striving continuously to improve our safety performance and keep everyone safe. We need your help and assistance to keep our site safe. Please comply with all our rules, site signs and instructions from our staff.

### Site Rules

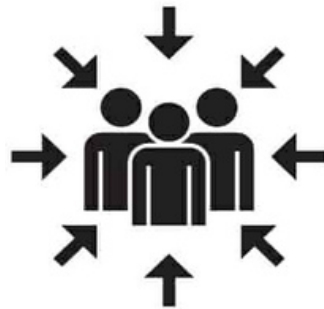

1. All drivers and passengers must remain in their cabs at all times while being loaded.
2. If tools or stuff on your truck need to be attended to please find a safe place on the edge of our yard (not in the middle of an area where the machinery is working) to do this. And always stay by your vehicle, don't walk or run around our yard.
3. If unsure what to do or where to go, please be patient and wait in the lower yard for us to come to you or report to the office.
4. All visitors and customers must wear the required PPE if getting out of their vehicle. I.e. Hi-Viz, safety foot wear, hard hat and safety glasses.
5. All visitors must sign in at office and must be escorted by a staff member at all times.
6. Please have your headlights and hazard lights on when in our yard (flashing beacon).
7. Site speed limit is 10kmh.
8. Do not follow closer than 20 metres behind any of McMud machinery or vehicles working in the yard.
9. Before approaching any area where a machine is working (mainly loaders), please get a thumbs up from the operator before you enter his working area so he knows you are there. If you need to speak to an operator please wait until he has come to a complete stop and lowered his bucket to the ground before you approach.
10. Sign off and authority must be obtained from McMud before operating any item of plant and equipment.
11. Any accident, incident, near miss or hazard must be reported to McMud as soon as possible.
12. No person suspected of being under the influence of drugs or alcohol will be permitted to remain on site.
13. Please NO climbing on any machinery at all times!

## EMERGENCY SIGNAL:

A loud continuous horn blast of two minutes or more from any of the vehicles or machinery.
